To Whom It May Concern,

This is my written permission for my ex-husband Bill Ross to take into his possession (after he picks up) the 10 legal file boxes containing the legal documents of mine generated during our divorce struggle from 1994 - 1998. Let them ^{return} to the file from which they came. They are his to do with as he chooses & I have no need for them now that our children are both of legal ~~age~~ ^{KE} age.

This document is to be witnessed by Ivan Timonin who is giving Bill Ross access to these documents and Ivan is to forward a copy of this document to myself.

Best regards

P.S.
Thank you for your help
Ivan. God Bless!
Katherine
